The Honorable Howard Pyle
Governor of Arizona
State Capitol
Phoenix, Ariz.

Dear Mr. Pyle:

I hesitate to add one more burden to your busy schedule, and I do so only as a last appeal.

I feel that the Mountain States Telephone Company is not serving adequately Metropolitan Phoenix.

The State Corporation Commission has on file the detailed report of my complaint. Briefly it is this: I had had telephone service for twenty five years, and more than a year ago I advised the telephone company of my anticipated move to the above address. On this same street live two other people who have had previous service for twenty, and thirty five years.

The Corporation Commission and the telephone company for a period of time made some gestures to try to appease our wrath. For the past two months the telephone company has refused to answer the question as to why we have three telephones in our district-one on either street to the north and south of our block, and one across the street from me.

It is not just that we-Donald Tichenel, George Hoelzle, and I-should be treated in this manner, and such would not be the case if competition in this field existed.

I shall appreciate any effort you may make in our behalf.

Sincerely yours,

Eddie Ruth Hutton

Mrs. D. C. Hutton
